Re: Annual Report August 16, 2021-August 15, 2022

The Faculty Grievance Committee received one grievance during the 2021-2022 academic year (it was a salary grievance). The Committee completed its review of the case and concluded by making a recommendation.

Additionally, the Committee received two inquiries about how to begin the process. Of those, one faculty member will be filing a grievance in the fall semester, 2022.

Respectfully,

Julia López-Robertson
